

Effective February 01 2018, Clock Freight will change the domestic DIM factor to 200.

Effective immediately with Forward Air's move to Union city (area C) we will start charging a fee for shipments moving via Forward Air.

We'll begin charging a recovery fee for inbound shipments and instead of the current transfer fees we will be using the following

MIN	100	2000	CAP
\$15.00	\$4.50	\$4.00	\$300.00

*Plus current FSC*

Should you have any questions regarding the change, please contact Diana Asen - [diana@clockfreight.com](mailto:diana@clockfreight.com) - corporate location SFO
